DETAILED ACTION

1. Claims 1-6 are pending in the application.

EXAMINER'S AMENDMENT

2. The applicants submitted the abstract as a part of WO 2005/007670 and did not provide an abstract on a separate page. Therefore, an abstract (copied from WO 2005/00760) on a separate page is provided.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Claims 1-6 are allowed since the instant method for preparing compounds of formula (I) by oxidizing compounds of formula (XII) is neither disclosed nor obvious over the prior art. In the prior art, King (U.S. Patent 5,120,847) discloses a process for preparing instant compounds of formula (I) in example 2 (see column 5, lines 16-38). However, the process of King differs from the instant method by using a base (potassium t-butoxide) instead of an oxidizing agent. The use of an oxidizing agent in the instant method results in high yield and purity of instant compounds of formula (I).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
